## Quick-Click cleaner

The Jonard Quick-Click cleaner is designed for exceptional cleaning performance on the fiber optic connectors, the core of the fiber and the contact surface of the adapters or connectors of the fiber. The firmly attached dust cap provides optimal protection for the microfibers cloth as well as the adapter. This glass fiber cleaner has a patented 360° rotating cleaning concept for extra wide cleaning in just one step with different nozzles for each connector. In addition, this glass fiber cleaner contains a lint-free microfiber cloth and is made of electrostatically safe material.
