

Delta Electronics and Astro

11572328
LHE 41 PR

81217024
HV 12 V

Item	Description	Order No.
LHE 41 P-KDG	Line amplifier 40 dB, VF-KDG class D4.4 KDG 1TS140/UM TS 401 Version 1.2, including a selection of 30 PADs	11571936
BKD 40 SF	House amplifier 41 dB, VF-KDG class B4.3; C(4.3) KDG 1TS140, incl. return path amplifier RV65-32F	11572327
LHE 41 PR	Line amplifier 40 dB, VF-KDG class D4.4 KDG 1TS140, including a selection of 30 PADs	11572328
BKE 22 PS-KDG	House amplifier 20 dB, VF-KDG class B1.1, B(1.2), KDG 1TS140, equipped with equalizer and level control	11572408
BKE 33 PS-KDG	House amplifier 33 dB, VF-KDG class B3.1 KDG 1TS140, equipped with equalizer and level control	11572409
BKE 36 PS-KDG	House amplifier 35 dB, VF-KDG class C3.2 & B(3.2) KDG 1TS140, equipped with equalizer and level control	11572410
BKE 39 PS-KDG	House amplifier 39 dB, VF-KDG class C4.2 KDG 1TS140, equipped with equalizer and level control	11572411

Item	Description	Order No.
HLC 32 G	Amplifier 33 dB, VF-KDG class C3.2, equalizer and attenuation via PAD	81217343
HLC 43 G	Amplifier 39 dB, VF-KDG class C4.2 and C4.3, equalizer and attenuation via PAD	81217403
HVO V44 G	Amplifier 40/32 dB switchable, VF-KDG class D4.4, with equalizer and level control	81217410
HV 12 V	Amplifier 20 dB, class according to VF-KDG 1TS140 D1.1	81217024
HVB 21	Amplifier 25 dB, VF-KDG class B2.1, permanently installed adjustable attenuator and equalizer, precorrection of the outgoing cable lines through interstage slope possible	81217351
HVB 31	Amplifier 31 dB, VF-KDG class B3.1, permanently installed adjustable attenuator and equalizer, precorrection of the outgoing cable lines through interstage slope possible	81217352
HVB 32	Amplifier 32 dB, VF-KDG class B3.2, permanently installed adjustable attenuator and equalizer, precorrection of the outgoing cable lines through interstage slope possible	81217353
HVC 32	Amplifier 30 dB, VF-KDG class C3.2, permanently installed adjustable attenuator and equalizer, precorrection of the outgoing cable lines through interstage slope possible	81217354
HVC 42	Amplifier 40 dB, VF-KDG class C4.2, permanently installed adjustable attenuator and equalizer, precorrection of the outgoing cable lines through interstage slope possible	81217355
HVC 43	Amplifier 40 dB, VF-KDG class C4.3, permanently installed adjustable attenuator and equalizer, precorrection of the outgoing cable lines through interstage slope possible	81217356
